PROFESSIONAL SUMMARY

Software Engineer with over 11+ years of experience in full-stack development, proficient in PHP, Laravel, VueJS, and database technologies including MySQL and PostgreSQL. Specializes in designing optimized API architectures that significantly increase efficiency and minimize code duplication. Proven track record of leading Agile teams and driving technical discussions to provide strategic solutions and architectural improvements.

Recently focused on AI innovation, gaining hands-on experience with OpenAI to develop RAG models, AI agents, and custom GPT solutions for practical business applications.

- | | | |
|--|--|-------------------------------------|
| • PHP, Laravel, NodeJs | • API Design, Development and Integration | • Docker, Jenkins, AWS (EC2, S3) |
| • Javascript, VueJS, ReactJS, ThreeJS and NextJS | • Database design & Optimization and Data Modeling | • OpenLayer, ThreeJs, Google Cloud |
| • SQL, MySQL, PostgreSQL and MongoDB | • JIRA, Git, Bitbucket | • OpenAI, CustomGPT, RAG, Vector DB |
| • Python(FastAPI), GraphQL | • AI tools - Cursor, Augment Code | • Wordpress, OpenLayer, Google Apis |
-

PROFESSIONAL EXPERIENCE

Effective Consumable Solutions (UK) Ltd | Web Developer (Part-time) *Sep 2025 - Present*

- Worked on the maintenance and improvement of existing WordPress websites.
- Integrated Lead Forensics and Mailchimp APIs to automate lead capture and email campaigns.

Mad Paws Holdings Limited (Australia) | Software Engineer *March 2023 - July 2024*

- Developed and enhanced RESTful APIs to support platform services, significantly accelerating data retrieval speeds for the web and mobile applications.
- Optimized the payment system for secure and efficient transactions.
- Led sprint planning sessions and technical discussions, driving the design and successful delivery of major features within tight deadlines.
- Implemented automated monitoring using New Relic and Kibana to identify issues and streamline the resolution of system bugs proactively.

Opus Xenta Lanka Pvt Ltd (Australia) | Associate Tech Lead / Senior Software Engineer *February 2019 – March 2023*

- Architected full-stack solutions for the Byondcloud product, optimizing complex database schemas and VueJS front-end components to improve page load performance noticeably.
- Managed the end-to-end API development lifecycle, ensuring seamless integration across distinct microservices and maintaining high system availability.
- Led a cross-functional team as Associate Technical Lead, conducting rigorous code reviews that substantially enhanced code quality and reduced post-deployment issues
- Directed the lifecycle of the Digital Mapping & Memorialization module as Feature Owner, successfully delivering the project ahead of schedule.

Multiblity Pvt Ltd | Associate Software Engineer / Software Engineer

November 2016 – February 2019

- Designed and deployed scalable APIs for the Skyplan aviation platform to handle high-volume flight operation requests.
- Implemented Swagger and Apidoc to generate comprehensive documentation, streamlining the onboarding process for new developers and third-party integrators.
- Engineered XML data manipulation scripts to process large-scale third-party aviation datasets, improving data accuracy for flight planning.
- Managed Git version control workflows and executed successful production deployments using CI/CD pipelines.

Prudential Shipping Line Pvt Ltd | Trainee Software Engineer / Junior Software Engineer

March 2014 – November 2016

- Developed web-based logistics applications that automated manual entry processes, significantly reducing administrative overhead for the operations team.
- Collaborated with the programming team to design and deploy modules that optimized supply chain tracking and visibility.
- Researched and implemented innovative software solutions to enhance internal reporting capabilities and overall business process efficiency.

EDUCATION

Advanced Computer Science Msc | *January 2025 - January 2026*

University of Chester - United Kingdom

Bachelor Of Information Technology | *December 2011 - November 2014*

Aquinas College of Higher Studies - Srilanka

G.C.E. (A/L) Examination | *August 2009*

Royal College, Colombo - 07, Srilanka

G.C.E. (O/L) Examination | *December 2005*

Mutuwal Hindu College, Colombo - 15, Srilanka

CERTIFICATIONS

1. Java SE 6 Programmer Certified Certification - September 2014
